Installed

Your new building has been constructed with the future in mind, ensuring that unnecessary energy usage is avoided. To add to the sustainable provision at Prologis Brooklands DC1, there is also the option to install rooftop solar PV. Prologis Brooklands DC1 is 'Net Zero Carbon – Construction' when considered against the UKGBC Framework for Net Zero Carbon Buildings.

Prologis is the first industrial property company in the UK to measure, reduce and mitigate 100% of the embodied carbon in our buildings and feel that we should play our part to bring the benefits of sustainability to our customers, the local community and beyond.

We mitigate unavoidable embodied carbon emissions by supporting environmental charity Cool Earth in their work to reduce tropical deforestation, monitored by Planet Mark, which validates the carbon footprint report for every building.
