# ST JOHN'S iNNOVATION PARK

St John's Innovation Park is an integral part of the North Cambridge research and development cluster and home to a number of innovative and exciting R&D, technology and life science organisations including DarkTrace, IESO Digital Health, PwC, Qualcomm, Raspberry Pi and Samsung.

Much more than just a place to come to work, Park occupiers enjoy being part of the vibrant

community and benefit from organised on-site sports activities as well as business-focused networking, talks and social events. The surrounding area is also a bustling hub of activity for those that wish to get out and about at lunchtime or during the day.

The Park's café/restaurant is an ideal one stop shop for lunch or a mid-morning (or afternoon!) snack and the outside space

offers multiple areas for relaxation and reflection during a busy day.

Dedicated to encouraging sustainable habits the Park has launched e-scooter and e-bike provision on site. Ample secure cycle storage is available across the Park and there are a number of electric car-charging points available for occupiers and their visitors.

# GETTING HERE

St John's Innovation Park is located north-east of Cambridge city centre, close to the A14 dual carriageway, with excellent road connectivity via the A14, M11 and A1 - making it ultimately accessible from the new housing growth areas of Waterbeach and Northstowe.

Stansted Airport is approximately 30 minutes' drive via the M11. Cambridge is 48 minutes by rail to London King's Cross. The Cambridgeshire Guided Busway and Cambridge North train station are a short walk away. The future Cambridge South train station will ensure the Cambridge Biomedical Campus is also just minutes away.
