## Location

Exeter Airport Business Park is situated immediately adjacent to Exeter Airport, with access just off the A30, 5 miles east of Exeter city centre and 1½ miles from junction 29 of the M5 Motorway.

Silverdown Office Park is a cluster of 8 office units built in 2008. There are currently tenants in the medical, accountancy, IT and construction sectors at Silverdown.

## Description

Silverdown Office Park is one of the most modern office developments in the Exeter area, built to a high specification including climate control and triple-glazed windows for maximum sound and heat insulation. Unit 6 is a mid-terrace unit, and access to the offices on ground and first floors is via a fully-glazed lobby. There is a disabled WC off the ground floor lobby, with shower, and a further WC off the first floor landing.

Unit 6 is currently laid out as mainly open-plan offices on both floors, but with a high-quality fit-out creating a kitchen/staff room and meeting room on the ground floor and two private offices on the first floor. The offices could be restored to a fully open-plan layout if desired and a further kitchen/tea point could be installed on the first floor should the floors be occupied individually.

The specification of the offices includes:-

- air conditioning to all areas (heating and cooling)
- raised floors with data and power sockets linked to a server room
- suspended ceilings with recessed lighting
- security alarm and intercom door entry

The unit has 6 allocated parking spaces in the shared car park, and there is unrestricted on-road parking to the front of Silverdown Office Park.
